AUTUMN 2024

Italy
Dante Petrucci

In this issue we will talk about one of the most beautiful vintage motorcycle rallies organized in Italy by the A.S.I. (Automotoclub Storico Italiano) federated clubs – "On the roads of Puglia" enjoying bike riding, food, sun and hospitality offered by Puglia region. At this meeting, organized by the Club "ASTE E BILANCERI" (Bitonto, province of Bari), ASI gave the prerogative of "Tricolore" like the colours of the Italian flag and the high values it represents. These values such as hospitality, friendship, sharing the same enthusiasm for historic motoring, were the heart of this event as well as the punctual organization of all the activities and rides planned by his president Leonardo Greco from the first phase of the registration of the participants. The 3-day "Gargano Motorcycle

Tour" program (7, 8 and 9 June 2024) has been designed to make known the most important places in the Gargano area including the city of Vieste, Peschici, Manfredonia and also particular places such as the Gargano National Park, the Umbra Forest and the Trabucchi coast. The roads that connect the aforementioned cities are narrow and winding due to the complex morphology of the Gargano promontory, a situation that has been taken into account by scheduling the event in June and not in July or August when these areas are besieged by mass tourism.

Gargano bike tour roads

Friday 7th June Vieste to Manfredonia tour (65 km)

Saturday 8th June Vieste, Umbra Forest, Peschici and Vieste tour (78 km)

Sunday 9th June, Visit to the Trabucchi Coast (45 km)
